By using this product, you hereby signify that you have read this disclaimer and warning carefully and that you understand and agree to abide by the terms and conditions herein. You agree that you are solely responsible for your own conduct while using this product, and for any consequences thereof. You agree to use this product only for purposes that are proper and in accordance with all applicable laws, rules, and

regulations, and all terms, precautions, practices, policies and guidelines DJI has made and may make available.

DJI accepts no liability for damage, injury or any legal responsibility incurred directly or indirectly from the use of this product. The user shall observe safe and lawful practices including, but not limited to, those set forth in this document.

Introduction

The Osmo 1/4" and 3/8" Mounting Adapter is designed specifically for the Universal Mount. It is compatible with equipment fitted with a 1/4" or 3/8" thread, such as a tripod.

Specifications

Dimensions: 30 mm x 23 mm x 9 mm

Weight: 16.5 g

Installation

1. If you want to attach an accessory with a 3/8" thread, remove the screw in the mounting hole.

2. Attach the Mounting Adapter to the Universal Mount.

Align the studs with the narrow slot and secure with the 1/4" screw on the Universal Mount.

① Align

3. Make sure the Mounting Adapter is secure before attaching your accessory.
